

Field measurement sheet

Work order = WO-26-014

Equipment ID = CB-102

Tested on = 25 Sep 2026

Procedure = Contact resistance record

Meter ID = not recorded

Reading phase A = 1.4 mOhm

Follow-up: confirm which instrument was used. Do not infer it from other sheets.

All identities and readings are invented for a software demonstration.
Not a technical test procedure or an equipment condition assessment.
No limits, acceptance criteria, or pass/fail results are supplied.
